"Zombaion provides countless hours of non-stop action. Add to that the fact that the game is packed with a wide range of beautiful locations, a heroic story, superb music, and a plethora of usable mini-games." Game SpotlightOnGameSpot: "It's hard to describe the world of Zombaion without seeing it for yourself, but what I can say is that it's unlike any other survival game I've played. That's because it offers players an epic story that's woven together by the game's gorgeous environments. While you're following that story, you'll be actively trying to survive by scavenging the game's environments and crafting items to help you do so." Kotaku: "Zombaion has a lot of the feel of a traditional RPG [sic], but the way the player survives and deals with the various things that happen in a zombified world is fresh and original."GameSpot:Zombaion from Zombaion GameZone: "If you ever wanted to play a game that is the time-honored tradition of "Hide and Seek" but with zombies, you have Zombaion to thank."Zombaion from Zombaion Game Informer: "From the first time you start the game, you'll be fully immersed in a first-person survival story that just keeps you busy until you die."Zombaion from Zombaion GamesBeat: "I feel like I've been on a long, hard slog in a jungle for most of my life to reach Zombaion. It's like the anvil of Dead Rising on my head. It's like Nintendo's Yarn Yoshi at my throat.... What's so good about Zombaion? I haven't seen anything like it in a long time. I haven't seen a game this personal, this intimate in a long time. I'd call Zombaion a survival game, but I'd be lying. I'd be betting on the love people have for Will Wright. Zombaion is a game of survival, but you still have to make memories as you do so." VoltaireNet: "I've played lots of zombie games before, but Zombaion is unlike anything I've ever played before. More than any other game I've played, this game truly holds your interest for the whole experience. This is a
