
Tom-Odell-Long-Way-Down-2013-Album-Mp3 18

[Download](#)

His debut album "Long Way Down" was arguably one of the most controversial albums of 2013. John asked him. The album was recorded without previous producer John McClain, so he recorded it himself and some of the songs were co-written with other people. He also included several songs on the album that were written by other people. John used a variety of recordings and equipment to record the album.
